BRIEFINGS.

—The militia companies drill this evening.

—Strawberries have appeared at the "Sea-Side," in this city.

—Janesville Chapter No. 5, R. A. M., assembled in Masonic hall this evening.

—Dr. J. M. Evans and C. M. Smith, of Evansville, were in the city to-day.

—To-day is the last day of the present school term—a vacation of two weeks follows.

—Mr. David Oreginton, of Whitewater, is shaking hands with his Bower City friends to-day.

—Spring chickens have appeared in Janesville, but they are very small and tender-looking.

—Miss Lillie Durban and Miss Annie McPherson, of Harvard, Ill., are in the city, the guests of Miss Ella Hotelling.

—A new cornice is being put up on the McKoy block, Main street, now occupied by Hancock & Sheldon, as a hardware store.

—The Odd Fellows are perfecting arrangements for the anniversary to be given at the Riddle's armory on Friday evening, April 25th.

—The teachers and janitors of the city schools will receive their salaries at the Central school building to-morrow afternoon at half past two o'clock.

—Judge John R. Bennett returned home last evening from Jefferson, having finished the term of circuit court in Jefferson county.

—Mrs. A. J. Wadsworth arrived home last evening with her daughter Bell, who has been attending school for the past year at Rochester, N. Y.

—The young people of the First M. E. church were pleasantly entertained at the residence of Mr. W. S. Follansbee, in the fourth ward, last evening.

—The members of the Merry club are making arrangements for a gay party at the Guards armory to-morrow evening. These parties are among the most pleasant of any held in the city.

—Having received no tidings of his horse which was stolen on the night of April 5th, Mr. E. G. Field now offers twenty-five dollars reward for the return of the animal, or ten dollars for information of its whereabouts.

—Mr. D. B. Durgin, of Fargo, Dakota, is in the city, in the interest of the new town of Fairbank, situated on the Mississippi river terminus of the Chicago and Northwestern railway, and was a pleasant caller at the Gazette office this afternoon.

—If some first class show would only come this way and cover the rough boards nailed up on the site of the old Farmer's mill office, it would make a more pleasing sight to passers by. Captain Norcross is waiting for such a show to come along.

—Messrs. Stearns & Baker, druggists, West Milwaukee street, are putting in a new double-faced Matthews' reindeer soda apparatus, which is very handsome, indeed, being made of Tennessee marble. It has two arms for drawing soda water, and three for use of mineral water, and the cooling beverages usually kept in connection with a first class soda apparatus.

—Alex. Curry, the man who was so badly injured in a little difficulty with Wm. Canary last January, and for which he sued Canary for personal damages, was on a regular drunk this forenoon in company with one Jack Hurlingham. They fell into the hands of Marshal Hogan just before noon, and were taken to jail. Curry seems to have received some money from Canary in settlement of the suit, and in his attempt to "forgive and forget," indulged a little to freely in the flowing bowl.

—It is almost time for the good-natured city clerk to appear in the market with his little nickel-plated tags. We understand his price will be the same as last year, and that it is absolutely necessary that all dogs running at large should have one attached to its collar. We merely mention this fact, that the owners of the pet dog may be prepared in time with the necessary funds. Last year the number of tags sold was 223, and it is thought that that number will be disposed of this season.

—Now that our new mayor has taken the subject in hand, and speaks out in unmistakable language concerning the dangers at the railway crossings in this city, we sincerely trust that the council will see to it that some measures be adopted to lessen the dangers complained of. The mayor says: "Public safety demands that there should be maintained at the several crossings, flag or signal men, acting under wholesome ordinance of the city, for public protection." And this demand is backed up by every citizen who has occasion to cross the railway tracks in the first ward.

The License Fee.

At the council meeting Tuesday evening Ald. Shearer introduced an ordinance amending the license ordinance, by which it is intended to fix the license fee for the coming year at one hundred and fifty dollars. This sum, under the circumstances, seems to meet the views of the aldermen who favor an increase in the license fee. Those who favor a higher figure are not sure that they can legally, under the charter, fix the sum above \$150 at the present time. The ordinance was passed to a second reading, and under the rules, is laid over until the next meeting of the council, which will be on Tuesday evening, when it will come up for final passage. As a matter of course, there is some opposition to increasing the license fee from that now charged, and it is not known to a certainty that it will pass. Some of the aldermen have expressed themselves in favor of a higher license, but whether they will thus cast their votes remains to be seen.

Should the vote on the passage of the ordinance be a tie, it will be a matter of some doubt as to its fate, as Mayor Richardson, in his inaugural message does not clearly indicate which side of the fence he will throw his influence. The following is the language used by the mayor, on this interesting subject: "My opinion on this important question is that it should be handled with good judgment and great care. The very fact that it is a police regulation, to a certain extent dangerous to the welfare of the people, and should only be trusted in the hands of men who respect the law, and appreciate the danger of the traffic. Gentlemen, I would recommend a rigid enforcement of the law, and I would be more than careful to whom I granted the privilege. Nor would I favor any additions to the number that are now in existence, for it is not the money we are after, but the welfare of the community."

Here is a chance for the friends and opponents of high license to speculate in "futures," but we would advise them not to put up a greater margin than a cigar on either side. The question raised as to the new kind of license which was provided for on Monday night, by the passage of the "wholesale license" for which a fee of \$25 was named, will not enter into this controversy, and that has nothing to do with the agreement between the city and county, whereby the city is to pay fifty dollars into the county treasury for every retail license granted for one year. This agreement was recently published in the Gazette, and is well understood by those interested in this matter.

Attention, Tobacco Growers!

There are the most urgent reasons why the next meeting of the Janesville Tobacco Dealers' and Growers' association should be largely attended. The eastern tobacco growing states, taking their cue from the success of Wisconsin Spanish leaf, will at once enter into the sharpest possible competition with us, and it is of the utmost importance that the growing and handling of our crops should be fully discussed from the plant bed to the shipping case. Every man who purposes planting an acre of "the weed" this year will find it the most profitable half day of the season if he comes into the association's rooms next Saturday afternoon at 2:30 sharp.

There is no other branch of farming in this region that pays such a premium on special knowledge as that of tobacco growing.

EVANSVILLE BLAZE.

A Fire Destroys the Buildings of the Baker and the Lehman Manufacturing Companies.

Loss Estimated at Twenty-five Thousand Dollars; Insured for Eight Thousand Dollars.

Special to the Gazette.

EVANSVILLE, Wis., April 16, '84.

Fire broke out in the paint shops of the Baker Manufacturing Co.'s works this morning at about 2:45 o'clock, and burned the entire wood department of that company's works, and burned the entire buildings of the Lehman Bro's furniture manufactory. The Baker Co. lost all the machinery belonging and used in the wood department and all of their manufactured goods and stocks, consisting of about 800 window sills, a large portion of them completed ready for shipment, and a large quantity of lumber and material for manufacturing window sills and pumps. They saved the iron shops, engine house, foundry and pattern house. The last named building was badly exposed but was sufficiently fire proof to stand the test. Lehman Bros.' were heavy losers, although their loss will perhaps not exceed that of the Baker Co., yet it falls more heavily on them for there are less of them to bear the loss, and they lose their oil nearly all. They saved some few machines and a little manufactured furniture, but their entire shops, dry houses, store rooms and a large quantity of lumber are in ashes. The Baker company informs me their loss will be about twelve thousand dollars, insured for twenty-nine hundred dollars. Lehman Bros. loss will be, as near as they can estimate, thirteen thousand, and insured for six thousand. The Baker company had a meeting of the stock holders this morning before 9 o'clock, and unanimously agreed to commence rebuilding as soon as the ground gets cold enough to go to work. Lehman Bros. are not prepared this morning to say what they will do, as two of the brothers are not here and they wish to consult them before they make a decision.

These two institutions, one of which was completely wiped out and the other badly damaged by this morning's fire, were the pride of Evansville, being owned, controlled, and superintended by Evansville men, and gave employment to over fifty men; they had been built about fifteen years, had both been successful enterprises of their kind, having both commenced on a small scale and built up to their present or yesterday's position, a profit to their owners and great help to the building up of our little village.

From an extra issued yesterday by the Evansville Enterprise we gain no further particulars of the fire, but the extra closes with this paragraph: "Madison, Beloit and Janesville were telegraphed for help from their fire departments, but the wind shifted into the north and the fire, not under control before they started."

No dispatch was received in this city from Evansville, and the first news concerning the fire was received by our Gazette office shortly after going to press with our Daily last evening, and was from our correspondent in that village. Our fire department would have responded to such a call with a will, had they received the word. The dispatch was received in Madison. The Madison Journal says: "The loss fire department received a telegram at 4 o'clock this morning from Evansville, which asked for an engine immediately, as that village was threatened with destruction. While preparations were being made to give the assistance requested, a second telegram was received announcing that the flames had been gotten under control."

The difference between the Madison and Janesville fire departments is this:—the Janesville fireman would have given "the assistance" first and made their "preparations" after. In other words the Janesville boys are always ready to receive calls.

"Modern Advancement."

Our attention has been lately drawn, by personal experience, to Dr. Bigelow's Positive Cure for coughs, colds and consumption, and all throat and lung diseases. It is a scientific compound of ingredients, the product of the researches of an eminent physician and two practical chemists of laboratory experience of fifty years. It is an unequalled modern production.—Exchange. Trial bottles free of Stearns & Baker.

Prentice & Evenson, opposite postoffice, Dr. Pinkham's Compound.

The Janesville And Horse Thief Society.

Articles of association of the above society were filed to-day with the register of deeds, and a copy sent to the secretary of state at Madison. As the name indicates, the society is formed for the protection of its members against horse thieves. The articles of association are similar in form to the societies in the country, providing that a person to be eligible to membership must reside within five miles of the city; the officers of the association are, a president, two vice presidents, secretary, treasurer, captain first and second lieutenants, and twenty policemen. The regular meetings will be held on the first Tuesday in May, August, December, and March of each year; the first regular meeting, at which the officers are to be elected, and the organization of the society perfected, will be held in the agricultural rooms at the court house, on Monday, April 22nd, at 7:30 o'clock p. m. The papers filed with the register of deeds, bear the names of Messrs. R. B. Harper, B. F. Crockett, John Griffiths, E. W. King, P. H. Norcross, M. G. Jeffries, John Hogan, B. F. Danville, J. P. Drake, M. G. Carter, Clarence Jackson, Frank Sherer, W. H. Pierce, C. Atwood, H. S. Ames, V. H. Palmer, R. J. Rooney, A. F. Phillips, G. D. Charlton, Alex. Richardson, E. J. Green, C. L. Clark, E. D. McKinney and J. W. Carpenter, all good names to set the new society on a boom.

We are requested to state that all persons who desire to become members, will please leave their names with Mr. John Griffiths, who will present them at the meeting.

Thousands walk the earth to-day who would be sleeping in its bosom but for the timely use of Down's Balm. Sold by Stearns & Baker.

Money in the City Treasury.

Mr. J. A. Blount, city treasurer, made his annual report to the common council on Monday evening, in which a detailed account is given of the receipts and expenditures during the year ending April 15th. From this report we find that the following balances were in the various funds at that date:

School fund.....	\$ 5,300.00
General fund.....	1,075.85
Fire department fund.....	1,113.99
Highway, street and bridge fund.....	807.04
Police fund.....	1,000.00
Library fund.....	225.13
Charitable fund.....	225.13
Gas fund.....	1,250.15
First ward fund.....	1.92
Second ward fund.....	402.48
Third ward fund.....	1.22
Fourth ward fund.....	1.22
Fifth ward fund.....	4.22
Municipal court fund.....	651.83
City work fund.....	571.56
Jackson street extension.....	571.56

By this it will be seen that the city treasurer has ample funds on hand to keep up the credit of the city, and with the exception of the ward funds, which are always empty at this season of the year, the various funds all have good balances to their credit.

The Weather.

At seven o'clock this morning the thermometer registered 33 degrees above zero. Clear with northwest wind. At one o'clock p. m. the register was 60 degrees above zero. Clear with north wind. For the corresponding hours one year ago the register was 47 and 67 degrees above zero.

The Philanthropic Ones.

New York, April 17.—P. McBarney & Sons, commission dealers in grain, flour, hay, etc., at Philadelphia, have suspended and judgments for \$45,000 have been entered against them.

The total liabilities of E. Claxton & Co., book publishers and booksellers of Philadelphia, who failed two weeks ago, are now stated to be \$304,000 and the assets \$275,000.

Some More Bright Youths.

CINCINNATI, April 17.—Robert Kang, David Harlow and Mike Dyer, all boys aged about 15 years, were arrested on suspicion. They were endeavoring to sell three revolvers, and seeking like strangers in the city the arresting officers marched them to the Central station. They were closely questioned, and after a while one of them confessed that they had all run away from their homes. He said that Dyer had been induced to send \$50.00 from his mother at Nashville, with which they had come to Cincinnati. Their parents have been notified.

Preventive of Malarial Diseases.

OPINION OF EXHIBIT DR. H. R. WALTON OF ANAPOLIS, MD.

"COLLEGE'S LIQUID BEEF TONIC is a most excellent preparation. It is far exceeding, superior to cod-liver oil or anything I have ever used in malarial or unimpaired constitutions, and extremely beneficial as a preventive of malarial diseases." (Remember the name, College's—take no others.) Of druggists generally.

For seven years Allen's Brain Food has stood the strongest test as to its merits in eradicating nervousness, nervous debility and restoring lost powers to the weakened generative system, and, in no instance, has it ever failed: test it \$1.50 for \$5.—At druggists, or by mail from J. H. Allen, 515 First Ave. New York City.

To Let.—House and barn, 79 South Main street. Residence of S. Edmunds. Enquire at New York drugstore.

Ball's Catarrh Cure is sold by Prentice & Evenson, opposite postoffice.

Edwards' Balm at Life is sold by Palmer & Stearns. Trial bottle free.

If you want a good 5 or 10 cent cigar call at Stearns & Baker.

Prentice & Evenson, opposite postoffice, Dr. Catarrh Remedies.
